 Position Title: : **Support Services Senior Associate**
 Position Function: - Logistics Support
 Organizational Unit: GMCO, Nigeria
 Duty Station: Maiduguri, Nigeria
 Reports to: ICT and Logistics Analyst
 Source of Funding (*project/non-project*): Project

Approved Grade: ICS 7/ LICA 7
 Post Classified by: IPAS HR

II. Organizational Context
Background

The United Nations Office for Project Services (UNOPS) is an operational arm of the United Nations, supporting the successful implementation of its partners' peacebuilding, humanitarian and development projects around the world. UNOPS supports partners to build a better future by providing services that increase the efficiency, effectiveness and sustainability of peace building, humanitarian and development projects. Mandated as a central resource of the United Nations, UNOPS provides sustainable project management, procurement and infrastructure services to a wide range of governments, donors and United Nations organizations.

Background Information – Country Specific

The Nigeria Duty Stations are managed by the Nigeria Country Office based in Abuja, Nigeria.

Nigeria is considered a key player in the West African region, with an estimated population of 200 million and accounts for about 47% of the total population of West Africa. Nigeria is considered a High Priority Country for UNOPS GMCO; being a fragile country with a complex development profile and possessing a high risk of humanitarian emergencies and disasters. Likewise with high donor interest and demand for implementation support, Nigeria is viewed as a country in which UNOPS can add value and scale-up efforts by its partners to deliver on the Sustainable Development Goals, particularly the Government of Nigeria.

The last donor-funded project implemented by UNOPS ended in June 2018. The office was reopened in April 2019 and high-level efforts are ongoing to secure donor funded projects. Our objective for 2021 is to consolidate the implementation of our Strategy 2018-2021 - to become Known, Recognized and a Resource for our development partners on the ground, delivering on our mandate of infrastructure, procurement and project management.

Building on our global experience successfully delivering projects in complex operating environments, a healthy pipeline of engagements are at various stages of discussion with our priority partners including international financial institutions, UN agencies, bilateral and multilateral donors focusing on the North East region. The North-East region of Nigeria (NE) is currently in a complex protracted crisis with considerable humanitarian and developmental needs along with extensive damages to

social and physical infrastructure. Likewise, the unanticipated COVID-19 pandemic has further impaired the already fragile health system.

The capacity of the entire country's health system to address the possible impact of the pandemic remains limited. Critical resources such as trained health workers and medical supplies are being diverted to respond to the pandemic, thus leaving other essential services heavily under-resourced and dysfunctional

Background Information – Job Specific

The United Nations Office for Project Services (UNOPS) is looking for a Support Services Senior Associate to offer operational support to the team in the Nigeria Country Office to deliver a project to Strengthen the health system of conflict- affected and hard-to-reach areas of Borno State.
